## INDEPENDENT AUDITOR'S REPORT

To the Honorable Grand Jury and Board of Supervisors  
of the County of Stanislaus, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Stanislaus (the County), as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Stanislaus County Employees Retirement System. Those financial statements were audited by other auditors whose report thereon has been furnished to us. Our opinion, insofar as it relates to the amounts included for Stanislaus County Employees Retirement System, is based on the reports of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of June 30, 2011, and the respective changes in financial position, and cash flows, where applicable, thereof and the respective budgetary comparison for the General, Children and Families Commission, Behavioral Health and Recovery, and Community Services Agency Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2012, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress on pages 3 through 13 and on page 93, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements as a whole. The combining and individual nonmajor fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Discussion and  
Analysis

## COUNTY OF STANISLAUS Management's Discussion and Analysis

As management of the County of Stanislaus (County), we offer this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2011. Please read it in conjunction with the County's basic financial statements following this section.

### FINANCIAL HIGHLIGHTS

- The assets of the County exceeded liabilities at the close of the 2010-2011 fiscal year by \$669 million (*net assets*). Of this amount, \$417 million is invested in capital assets net of related debt and \$312 million is restricted for specific purpose (*restricted net assets*), leaving a deficit of \$60 million in unrestricted net assets.
- The government's total net assets decreased by \$5 million.
- As of June 30, 2011, the County governmental funds reported combined fund balances of \$423 million, an increase of \$3 million from the prior year. Approximately 5% of the combined fund balances, or \$20 million is unassigned.
- At the end of the fiscal year, unassigned fund balance for the General Fund was \$21 million, or 10% of total General Fund expenditures and transfers.
- The County's total long-term liabilities changed by a net \$14 million in fiscal year 2010-2011. The decrease in long-term liabilities is mainly due to the annual debt service payments.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. There are three components to the County's basic financial statements 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to the basic financial statements. This report also contains other supplementary information.

**Government-wide Financial Statements** are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all County assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

# COUNTY OF STANISLAUS

## Management's Discussion and Analysis

### OVERVIEW OF THE FINANCIAL STATEMENTS (Cont.)

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation and cultural services. The business-type activities of the County include the Fink and Geer Road Landfills, Health Clinics and Ancillary Services, Stanislaus Behavioral Health Center, Inmate Welfare/Commissary and Transit.

The government-wide financial statements include not only the County (known as the primary government), but also legally separate entities (component units) for which the County is financially accountable. There are five component units included in these financial statements. The Redevelopment Agency, Stanislaus County Capital Improvements Financing Authority, Stanislaus County Tobacco Funding Corporation, In-Home Supportive Services Public Authority and the Lighting Districts, although legally separate, function for all practical purposes as departments of the County and therefore, are included as an integral part of the primary government.

**The government-wide financial statements can be found on pages 14-16 of this report.**

**Fund Financial Statements** are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

**Governmental funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

For the governmental funds, information is presented separately for the General Fund, Children and Families Commission, Tobacco Settlement, Behavioral Health and Recovery Services, Community Services Agency, and Public Facility Fees, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

# COUNTY OF STANISLAUS

## Management's Discussion and Analysis

### OVERVIEW OF THE FINANCIAL STATEMENTS (Cont.)

The County adopts an annual appropriated budget for its General Fund and most of its Special Revenue Funds. Budgetary comparison statements have been provided in this report for the General Fund and the major Special Revenue Funds.

**The governmental funds financial statements can be found on pages 17-31 of this report.**

*Proprietary funds* are divided into two types. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the Fink and Geer Road Landfills, Health Clinics and Ancillary Services, Stanislaus Behavioral Health Center, Inmate Welfare/Commissary and Transit activities. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its self-insurance activities, Central Services, Fleet Services, Technology and Communication, and Morgan Shop Garage. All of these activities, except the Professional Liability Self-insurance Fund, predominantly benefit governmental functions and have been included within *governmental activities* in the government-wide financial statements. The Professional Liability Insurance Fund predominantly benefits business type functions and is included within the *business-type* activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Fink and Geer Road Landfills, and the Health Clinics and Ancillary Services Fund are considered to be major funds of the County. The County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

**The proprietary funds financial statements can be found on pages 32-35 of this report.**

*Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds except for agency funds.

**The fiduciary fund financial statements can be found on pages 36-37 of this report.**

**Notes to the Financial Statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 38-92 of this report.

The combining and individual fund statements referred to earlier provide information for non-major governmental funds, enterprise and internal service funds and are presented following the notes to the financial statements. Combining and individual fund statements can be found on pages 94-105 of this report.

## Management's Discussion and Analysis

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$669 million at the close of the 2010-2011 fiscal year.

By far the largest portion of the County's net assets (62%) reflects its investment in capital assets (e.g., land, buildings, machinery, infrastructure, and equipment), less any outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another significant portion of the County's net assets, \$312 million, or 47% represents resources that are subject to external restrictions on how they may be used. The remaining deficit of \$60 million of the County's net assets are unrestricted. The deficit in the County's net assets is partially due to a change in fund balance reporting.

The County's total net assets increased by \$5 million during the current fiscal year as revenue exceeded expenses.

For business-type activities, the County reported a negative balance of \$13 million in unrestricted net assets compared to a negative balance of \$15 million in the prior year. The variance of \$2 million from the prior year's unrestricted net assets is partially due to program expenses exceeding program revenues.

**COUNTY OF STANISLAUS**  
**Management's Discussion and Analysis**

**FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The general government functions are contained in the general, special revenue, debt service, and capital projects funds. Included in these funds are the special districts governed by the County Board of Supervisors. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2011, the County's governmental funds reported combined fund balances of \$423 million, an increase of \$3 million in comparison with the prior year. The higher fund balance is a result of increased revenues in taxes, fines, forfeitures and penalties, and other general revenue and decreased expenditures.

Approximately 5% (\$20 million) of the combined fund balances constitutes *unassigned fund balance*. The remainder of fund balance is categorized as follows:

1) Non-spendable	\$ 49 million
2) Restricted	\$ 281 million
3) Committed	\$ 15 million
4) Assigned	\$ 58 million

The General Fund is the chief operating fund of the County. At June 30, 2011, unassigned fund balance of the General Fund was \$21 million while total fund balance was \$108 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures, including transfers out. Unassigned fund balance represents 10% of total fund expenditures and transfers out, while total fund balance represents 49% of that same amount.

The County assigns (earmarks) fund balance to a particular function, project, activity, or for purposes beyond the current year. However, assigned fund balance is available for appropriation. Of the \$108 million total General Fund balance, 47% is assigned. Unassigned fund balance at year-end was \$21 million compared to \$22 million at June 30, 2010.

The total fund balance of the County's General Fund was consistent with the prior year.

The debt service funds have a total fund balance of \$15 million. Most of the debt service fund balance is reserved for debt service payment, consistent with prior years.

### GENERAL FUND BUDGETARY HIGHLIGHTS

The County appropriated \$4 million in a contingency budget for emergencies and other unanticipated expenses as part of administrative policy. As of June 30, 2011 General Fund actual revenues, based on budgetary basis, were less than budgetary estimates by \$887 thousand and expenditures, based on budgetary basis, excluding other financing uses, were \$25 million less than budgetary estimates.

During the year, appropriations were increased by a net \$2 million resulting in a difference between the original budget and the final amended budget. The significant increase in appropriations was related to the Sheriff's, Agricultural Commissioner's and Parks & Recreation Departments.

### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### Capital assets

The County's investment in capital assets (net of accumulated depreciation) for its governmental and business-type activities as of June 30, 2011, amounted to \$494 million compared to \$507 million in prior year. This investment in capital assets includes land and easements, roads, highways, bridges, park facilities, structures and improvements, and equipment. The County's total investment in capital assets for the current period decreased from the prior year due to depreciation.

### CAPITAL ASSETS AND DEBT ADMINISTRATION (Cont.)

Major capital asset events during the 2010-2011 fiscal year included the following:

- Completed the design-build construction of the Animal Services Facility. Total estimated cost at completion is \$8.4 million.
- Initiated construction of the phase III tenant improvements at the Nick W. Blom Salida Regional Library with a total project budget approved of \$2.4 million.
- Adopted a project budget of \$22.7 million for the construction of the Stanislaus Juvenile Commitment Project which includes the construction of 60 beds.
- Initiated the schematic design for the construction of a 192 bed replacement facility at the Public Safety Center. The total estimated project budget is \$12.0 million funded from insurance proceeds from the loss of barrack 1 +2 at the Honor Farm.
- Approved the design for the relocation of the Strategic Business Technology Data Center server room function at the Regional SR 911 Center. The total estimated project budget is \$1.8 million which includes backup server, generator, and fire suppression system improvements.

**County of Stanislaus**  
**Reconciliation of the Balance Sheet of Governmental Funds**  
**to the Statement of Net Assets**  
**June 30, 2011**

Total fund balances for governmental funds (page 17) \$ 422,668,342

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land	\$ 40,542,091	
Intangible Assets - Internally Generated Software	543,285	
Infrastructure	245,903,556	
Structures and improvements	132,620,173	
Equipment	32,005,912	
Construction in progress	5,986,564	
Total capital assets		457,601,581

Investments - Joint ventures		14,692,407
------------------------------	--	------------

Internal service funds are used by the County to charge the cost of general liability, unemployment, worker's compensation, dental, vision, & purchased insurance plus Central services, Fleet services, Technology & communication and Morgan shop garage to individual funds. The assets and liabilities of these internal service funds are included in governmental activities in the statement of net assets. 17,817,044

Some of the County's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are not recognized as revenue in the funds. 862,126

Costs of issuance that benefit future periods are recognized as expenditures in the funds. 2,632,568

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities--both current and long-term--are reported in the statement of net assets.

Balances at June 30, 2011 are:

Certificates of participation	(75,756,270)	
Bonds payable and Loans	(50,023,322)	
Tobacco securitization notes	(113,393,170)	
Capital leases	(963,184)	
Accrued interest on long term debt	(2,786,623)	
Other post-employment benefits (OPEB)	(5,273,143)	
Compensated absences	(30,722,320)	
Total long-term liabilities		(278,918,032)

**County of Stanislaus**  
**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances**  
**of Governmental Funds to the Statement of Activities**  
**For the Fiscal Year Ended June 30, 2011**

Net change in fund balances - total governmental funds (page 19) \$ 3,265,074

The change in net assets reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets and infrastructure	\$ 27,498,124	
Less current year depreciation	(37,292,739)	(9,794,615)

The net effect of miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets (4,084,317)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds 34,692

Issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net assets (363,711)

Repayments of debt principal and issuance premiums are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and premiums are amortized in the statement of activities.

Repayments:

Certificate of participation	7,721,640	
Other long-term debt	11,112,290	
Capital lease	1,074,236	
Amortization of issuance premium	144,343	20,052,509

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Other post-employment benefits (OPEB)	\$ (1,033,396)	
Change in investment in joint ventures	183,677	
Change in accrued interest payable	577,998	
Change in Tobacco accreted interest payable	(3,433,503)	
Change in compensated absences	(1,405,809)	
Change in deferred charges	(163,423)	(5,274,456)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net expense of certain activities of the internal service funds is reported with governmental activities. (74,815)

## Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 1: **Summary of Significant Accounting Policies**

This summary of significant accounting policies of the County of Stanislaus (the County) is presented to assist in understanding the County's financial statements. These accounting policies conform to Generally Accepted Accounting Principles (GAAP) and have been consistently applied in the preparation of the financial statements.

**A. Reporting Entity**

The accounting methods and procedures adopted by the County conform to GAAP as applied to governmental entities. These financial statements present the government and its component units, legally separate entities for which the government is considered to be financially accountable under the criteria set by Governmental Accounting Standards Board (GASB) Statement No. 14.

Reported component units on the County's financial statements can be blended or discretely presented. Blended component units, although legally separate entities, are in substance, part of the government's operations. Blended component units are an extension of the County and so data from these units are combined with the data of the primary government. Each component unit has a June 30<sup>th</sup> year-end.

**Blended Component Units**

1. Redevelopment Agency of the County of Stanislaus ("Agency"): The Agency was established by the County as a separate legal entity in accordance with state law. It is governed by the five members of the County Board of Supervisors. The purpose of the Agency is to acquire, rehabilitate, and revitalize property within legally designated redevelopment areas. The Agency provides service solely to the County and is reported as a capital projects fund.
2. Stanislaus County Capital Improvements Financing Authority ("Authority"): The Authority was established on September 1, 1989, as a separate legal entity whose sole purpose is to provide financing for various County capital projects. It is governed by the five members of the County Board of Supervisors. The activity for the Authority is reported as a debt service fund.
3. Lighting Districts: The County has 27 different, legally separate lighting districts whose boards are the same as the County Board of Supervisors. The County's approval is needed to set the districts' budget and to set assessment rates. The activity for the lighting districts is reported in a special revenue fund.
4. Stanislaus County Tobacco Funding Corporation ("Stanislaus Corporation"): The Stanislaus Corporation was established per Board resolution on November 7, 2000 as a separate legal entity pursuant to California Corporations Code. Three directors, two from the County and one independent, govern it. Its purpose is to acquire from the County all of the rights of the County future

tobacco settlement payments and to borrow money secured by the County tobacco assets on behalf of the California County Tobacco Securitization Agency (See Note 17). The Corporation provides service solely to the County and is reported as a debt service fund.

5. In-Home Supportive Services Public Authority of Stanislaus County ("Public Authority"): The Public Authority was established on December 9, 2004 as a separate legal entity pursuant to Welfare and Institutions Code Section 12301.6. It is governed by the five members of the County Board of Supervisors. The purpose of the Public Authority is to implement the goals and objectives of the In-Home Supportive Services Program. The Public Authority is reported as a special revenue fund.
6. Stanislaus County Children and Families Commission ("Commission"): Following voter approval of Proposition 10 in November 1998, the Commission was established by the Stanislaus County Board of Supervisors on December 8, 1998, pursuant to Ordinance #687. The ordinance provides that the Commission operate as an independent "County agency". A governing board compiled of nine Commissioners, whose composition is defined in the enabling ordinance, is appointed by the Board of Supervisors. The purpose of the Commission is to promote the development and well-being of children zero through age five in Stanislaus County. The activity for the Commission is reported as a special revenue fund.

B. **Basis of Presentation**

*Government-Wide Financial Statements*

The statement of net assets and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. The government-wide statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

In the government-wide statements, eliminations have been made to minimize the double counting of certain internal activities. In the statement of net assets, all internal balances have been eliminated except those representing the net balance

due between governmental and business type activities. This residual balance is reported as “internal balances.” In the statement of activities, direct expenses such as services provided and used are not eliminated, but internal service fund activity has been eliminated.

The statement of activities demonstrates the degree to which the program expenses of a given function are offset by program revenues. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated administrative overhead. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net assets are available, unrestricted resources are used only after the restricted resources are depleted.

*Fund Financial Statements*

The fund financial statements provide information about the County’s funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Non-operating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

- The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as public protection, health and sanitation, public assistance, education and recreation services.

*Fund Financial Statements* (continued)

- *Stanislaus County Children and Families Commission* ("Commission") was established by the Stanislaus County Board of Supervisors on December 8, 1998 pursuant to Ordinance #687. The purpose of the Commission is to promote the development and well-being of children zero through age five in Stanislaus County.
- The *Tobacco Settlement Fund* was established to account for the proceeds from securitizing the County's share of tobacco settlement revenues. Currently the proceeds are restricted to use for capital expenditures. The intent is to preserve the initial amount and to distribute 80% of the annual investment earnings to the General Fund.
- The *Behavioral Health and Recovery Fund* was established to provide mental health services to the residents of the County under the provisions of Welfare and Institutions Codes 5600 and 5000. This includes residential/support treatment services, outpatient treatment services, and an array of education and prevention services. The primary source of revenues is from intergovernmental sources and charges for services.
- The *Community Services Agency Fund* was established for the administration of the three major public social programs including financial assistance, social services, and employment services. Intergovernmental revenue is the primary source of financing for this fund.
- *Public Facility Fees* were established by the Board of Supervisors adoption of Resolution No. 89-1724 for the purpose of reducing the impact of a growing community on existing County resources. The fees are charged to new development based on the need for facilities to maintain the existing level of service. The fee benefits the following departments and programs: roads, detention, criminal justice, library, parks, public and mental health, emergency services, animal services and sheriff.

The County reports the following major enterprise funds:

- The *Fink Road Sanitary Landfill Fund* was established to account for the operation of Fink Road Sanitary Landfill, which provides a dumping site for the disposal of solid wastes. Revenues are derived from fees generated for the disposal of waste at the site.

*Fund Financial Statements* (continued)

- The *Health Clinics and Ancillary Services Fund* was established to account for health care operations in outpatient clinics throughout the County. Revenues are derived from fees for patient services, payments from federal and state programs such as Medicare and Medi-Cal, private insurance, and subsidies from the County.

The County reports the following additional fund types:

- *Internal Service Funds* account for the County's fleet maintenance, communication, technology, and other services provided to departments or other governments. They also account for self-insurance programs – worker's compensation, long-term disability, employee benefits, and personal injury and property damage on a cost-reimbursement basis.
- The *Employees' Retirement Trust* accumulates contributions from the County, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability and death benefits (based on a defined benefit formula) and administrative expenses. This fund includes all assets of the Stanislaus County Employees Retirement Association (StanCERA).
- The *Investment Trust Fund* accounts for the assets of legally separate entities that deposit cash with the County Treasurer in an investment portfolio for the benefit of all participants. These entities include school and community college districts and other special districts governed by local boards, regional boards and authorities. The fund represents the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.
- The *Agency Funds* account for assets held by the County as an agent for individuals, private organizations, or other governments.

**C. Basis of Accounting**

The government-wide, proprietary, pension and investment trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

# COUNTY OF STANISLAUS

## Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 1: **Summary of Significant Accounting Policies** (continued)

### C. **Basis of Accounting** (continued)

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available (“susceptible to accrual”). The County considers revenues available if they are collected within 180 days after year-end, except for property taxes. Property taxes are considered available if they are collected within 60 days after year-end. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

For its business-type activities and enterprise funds, the County has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Proprietary funds distinguish operating revenues and expenses from nonoperating. Operating revenues and expenses generally result from providing services and producing goods in connection with a proprietary fund’s principal operations. The operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for those same funds include the cost of sales and services, administrative expenses, depreciation and the

C. **Basis of Accounting** (continued)

estimated cost of closure/postclosure for the landfills. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. **Budgetary Basis of Accounting**

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before August 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Ordinance. This ordinance mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

An operating budget is adopted each fiscal year for the General Fund and all special revenue funds except the Tobacco Settlement Fund. An operating balanced budget is adopted for the capital project funds for the life of the project, except for the Redevelopment Agency, the Courthouse Construction Fund and the Criminal Justice Facilities Fund, which adopt an operating budget each fiscal year. A budget is not adopted for the Public Facility Fees Capital project fund as those dollars are transferred and budgeted in other funds. Expenditures are controlled at the object level within budget units. A budget unit may be (1) a single department, (2) a division of a large department having multiple divisions, or (3) an entire fund. The object level within a budget unit is the level at which expenditures may not legally exceed appropriations. Any transfers of appropriations between object levels within the same budget unit may be authorized by the County Executive Office, with the exception of transfers related to fixed assets exceeding \$10,000. Budget amendments or supplementary appropriations normally financed by unanticipated revenues during the year or transfers of appropriations between budget units must be approved by the Board of Supervisors. Budgeted amounts in the budgetary comparison schedules are reported as originally adopted and as amended during the fiscal year by resolutions approved by the Board of Supervisors.

The budgets for the governmental funds may include an object level known as "expenditure transfers". This object level is an accounting mechanism used by the County to show reimbursements between operations within the same fund (an example would be the General Fund).

The amounts reported on the budgetary basis differ from the basis used to present the basic financial statements in accordance with generally accepted accounting principles (GAAP). Annual budgets are prepared on the modified accrual basis of accounting except that current year encumbrances and commitments are budgeted as expenditures.

**D. Budgetary Basis of Accounting** (continued)

The following schedule reconciles the amounts on the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual on Budgetary Basis to the amounts on the Statement of Revenues, Expenditures and Changes in Fund Balances:

	General Fund	Special Revenue Funds		Children and Families Commission
		Behavioral Health and Recovery	Community Services Agency	
Total expenditures (budgetary basis)	\$ 173,564,217	\$ 63,891,536	\$ 199,270,166	\$ 16,061,551
Basis difference - net addition of				
2009/10 encumbrances and commitments minus				
2010/11 encumbrances and commitments	(4,822,423)	(636,082)		228,608
Total Expenditures (GAAP)	\$ 168,741,794	\$ 63,255,454	\$ 199,270,166	\$ 16,290,159

**E. Cash and Cash Equivalents**

Cash and cash equivalents include cash in bank and investments held by the County Treasurer in a cash management pool. The amounts classified as “Investments with Fiscal Agent” represent loan proceeds held by the trustees for various borrowings (See Note 5) and securitized tobacco settlement proceeds invested outside the County Pool.

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, and their equity in the County Treasurer’s investment pool, to be cash equivalents.

**F. Investments**

California Government Code Section 53600, et seq., authorizes the County to invest in obligations of the State or any local agency of the State of California, bankers’ acceptances, commercial paper, negotiable certificates of deposits, repurchase agreements or reverse repurchase agreements, medium-term notes issued by corporations and the State of California Local Agency Investment Fund.

The County may also invest in certain open-ended mutual funds permitted by the Government Code. All investments are carried at fair value until they are within 90 days of maturity at which time they are reported at amortized cost. Interest earned on pooled investments is apportioned quarterly to certain participating funds based upon each fund’s average daily deposit balance with all remaining interest deposited in the General Fund.

# COUNTY OF STANISLAUS

## Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 1: **Summary of Significant Accounting Policies** (continued)

F. **Investments** (continued)

The tobacco securitization proceeds are invested under a separate policy approved by the County Board of Supervisor's on January 29, 2002. The policy authorizes the County to invest in obligations outlined in California Government Code Section 53600, et seq., with no investment having a greater maturity date than the final maturity of any tobacco settlement asset-backed bond. All investments are reported at fair value.

The Employees' Retirement Trust (StanCERA) funds are invested pursuant to policy guidelines established by the Retirement System's Board. The objective of the investment policy is to invest in a manner that provides the safeguards and diversity that a prudent investor would adhere to. The policy of StanCERA is to invest in the following asset classes: Large Cap US Stocks, Small Cap US Stocks, Non US Stocks and Fixed Income. Investments are stated at fair value.

G. **Deferred Revenue**

The County reports deferred revenue on its financial statements. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when the County receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability of deferred revenue is removed from the financial statements and revenue is recognized.

H. **Inventory**

In governmental funds, inventories are valued at cost. In proprietary funds, they are valued at lower of cost or market. Cost is determined by using either the weighted average or the first-in, first-out method. The consumption method of accounting for inventory is used for the governmental funds and the proprietary funds. For the governmental funds, the reserve for inventory indicates that a portion of the fund balance is not an available financial resource (See Note 14).

I. **Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**COUNTY OF STANISLAUS**

**Notes to the Basic Financial Statements  
For the Year Ended June 30, 2011**

Note 1: **Summary of Significant Accounting Policies** (continued)

**J. Capital Assets**

Capital assets (including infrastructure) are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain assets (infrastructure) consisting of roads, bridges, lighting systems, drainage systems, and flood control improvements. The County defines capital assets, other than infrastructure, as assets with an initial, individual cost equal to or greater than \$5,000 and an estimated useful life in excess of one year, with the exception of the Health Clinics and Ancillary Services Enterprise Fund. The Health Clinics and Ancillary Services Enterprise Fund defines capital assets as assets with an initial, individual cost equal to or greater than \$1,000 and an estimated useful life in excess of three years. In addition to these individual assets, the library's books are capitalized together as one collection.

Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide and proprietary funds statements, with the exception of patrol cars and landfill cell development. The units of production method is used for depreciation on patrol cars and landfill cells.

The estimated useful lives are as follows:

Infrastructure	20 to 60 years
Structures and improvements	15 to 60 years
Equipment	3 to 20 years
Patrol cars	100,000 miles
Landfill Cell	1,960,000 cubic yards

The County has seven networks of infrastructure assets – roads, bridges, lighting system, storm drains, signs, signals and beacons.

**K. Intangible Assets**

On July 13, 2010, the Board approved \$50,000 capitalization threshold for intangible assets.

GASB Statement No. 51 was issued in June of 2007. The objective of this Statement is to establish accounting and financial reporting requirements for intangible assets to reduce inconsistencies in reporting among state and local governments. County financial statements must comply with all statements issued by the Government Accounting Standards Board.

## COUNTY OF STANISLAUS

### Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 1: **Summary of Significant Accounting Policies** (continued)

**K. Intangible Assets** (continued)

This Statement requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. As such, existing accounting and financial reporting requirements are to be applied to intangible assets. Capital assets are expensed over their useful life rather than being charge in the specific financial period in which they are purchased.

The existing capital asset policy for the County needs to be updated to include intangible assets. Currently, the capitalization threshold for other fixed assets is \$5,000 or greater. The threshold amount represents the minimum amount at which an asset should be capitalized.

GASB Statement No. 51 does not specifically identify a methodology for establishing a threshold amount. A survey of other California counties was performed which indicated a wide variation, depending on the size of the County, in the threshold amounts being implemented. Given the County's relative size and exposure, a \$50,000 threshold is considered to be a reasonable amount.

**L. Compensated Absences (Accrued Vacation, Sick Leave, and Compensatory Time)**

All regular employees of the County earn vacation and sick leave with pay every year. The amount of vacation and sick hours earned is based on the years of continuous service and the bargaining unit to which the employee belongs. All employee bargaining units have vacation accumulation limits. Regular employees are given credit for eight hours sick leave each month of employment with limited accumulation.

After at least six months of County service, most regular employees, upon separation, are entitled to all unused vacation time accumulation. Most regular employees are entitled to a portion of accumulated sick leave after six years of service, depending on age, years of service, and bargaining unit.

At the close of each fiscal year, the balance of this accumulated time is computed for each employee at the current salary range. In the financial statements, these amounts are referred to as "compensated absences." A 10-year average of all termination payments is used to compute the amount that is expected to be liquidated in the next year with expendable available financial resources. This current portion and the balance of the long-term liability are reported in the government-wide statements, the enterprise and internal service funds financial statements and are generally liquidated by the General Fund.

# COUNTY OF STANISLAUS

## Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 1: **Summary of Significant Accounting Policies** (continued)

### M. **Interfund Transactions**

Interfund transactions include loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either “due to/due from” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances”.

Advances to other funds, as reported in the fund financial statements, are reported as nonspendable fund balance.

Services or supplies provided can result, at year-end, in receivables and payables referred to as “due to/from other funds.” These receivables and payables are eliminated in the governmental-wide consolidation with residual balances reported as “internal balances” when they are between funds of the County.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the government-wide presentation.

### N. **Estimates**

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### O. **Fund Balance**

Government Accounting Standards Board (GASB) has issued Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions. This Statement is effective for financial statements with periods beginning after June 15, 2010. The objective of this Statement is to improve the usefulness, including the understandability, of governmental fund balance information. The Statement provides more clearly defined categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The Statement impacts governmental fund types.

The fund balance is reported in five new categories: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance and Unassigned Fund Balance.

# COUNTY OF STANISLAUS

## Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 1: **Summary of Significant Accounting Policies** (continued)

O. **Fund Balance** (continued)

Nonspendable Fund Balance – amounts cannot be spent because a) not in spendable form or b) legally or contractually required to be maintained intact.

Restricted Fund Balance - amounts are restricted by external parties i.e. creditors, grantors, contributors or laws/regulations of other governments or restricted by law through constitutional provisions or enabling legislation.

Committed Fund Balance – amounts that can only be used for specific purpose pursuant to constraints imposed by formal action of the government’s highest level of decision making authority. The formal action must occur prior to the end of the reporting period. The amount, which will be subject to the constraint, may be determined in the subsequent period.

Assigned Fund Balance - amounts constrained by the government’s intent to be used for specific purposes that are neither restricted nor committed. The intent can be expressed by a) the governing body itself or b) a body or official to which the governing body has delegated the authority i.e. budget/finance committee. Monies set aside for debt service, carryover appropriations, teeter plan, retirement obligation, contingencies and tobacco settlement are some of the examples to be included in the assigned category.

Assigned fund balance can be used to eliminate the projected budgetary deficit in the subsequent year’s budget.

Unassigned Fund Balance – a residual classification for the general fund. The total fund balance less restricted, committed or assigned equals unassigned fund balance. General fund is the only fund that should report a positive unassigned fund balance amount. A negative fund balance is possible in other governmental funds.

Prior to the implementation of GASB Statement No. 54, the fund balance had been divided into three basic classifications for accounting and tracking purposes: designations, reserves and unreserved/undesignated. Unreserved/undesignated fund balance is the official title for what is typically described as “fund balance” in our budget reports and discussions and is available for those uses the Board of Supervisors deems necessary. Reserves are legally restricted funds established for a future specific use and are not available for general appropriation. Designations have been set-aside by the Board for a specific purpose.

Effective fiscal year beginning July 1, 2010, the fund balance is being reported in compliance with GASB Statement No. 54 and are being categorized as nonspendable, restricted, committed, assigned and unassigned.

P. **Implementation of Governmental Accounting Standards Board (GASB) Statements**

For fiscal year-end June 30, 2011, the County implemented GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*.

Note 2: **Prior Year Restatement**

The fund balance for the Redevelopment Agency includes a prior year restatement of \$728. The prior year adjustment reflects fiscal year June 30, 2010 audit adjustments.

The beginning cash and equivalents for Fink Road Landfill is being adjusted by \$102,421 to include Investments Stocks balance for prior year.

The beginning assets held in trust balance is being restated by \$398,480 to account for the transfer of fund balance for the City-County Improvements and Financing Agency. Effective July 1, 2010, the duty of fiscal administrator transferred from City of Modesto to County of Stanislaus.

Note 3: **Individual Fund Deficits**

**Deficit Fund balances – Government Fund Type**

Special Revenue Fund - Child Support Services	\$ 2,341,212
Special Revenue Fund - Indigent Health Care	299,905
Debt Service Fund - Pension Obligation Bonds	105,715

The Child Support Services deficit is due to a timing difference between expenditures and State reimbursement.

The Indigent Health Care deficit is due to a decrease of program revenues and changes in County policy resulting in an increase in applicants.

The Debt Service Fund deficit is due to lowered salary expectations. This deficit will be funded by increased rates.

**Net Asset Deficits – Proprietary Funds**

Enterprise fund - Geer Road Landfill	\$ 741,988
Enterprise fund - Health Clinics & Ancillary Services	10,887,856
Internal Service fund - General Liability Insurance	1,689,598

COUNTY OF STANISLAUS

Notes to the Basic Financial Statements
For the Year Ended June 30, 2011

Note 3: Individual Fund Deficits (continued)

Net Asset Deficits – Proprietary Funds (continued)

The deficit in the Geer Road Landfill is due to the liability for closure/post closure maintenance. This accumulated deficit will be funded with receipts from Fink Road Landfill.

The Health Clinics and Ancillary Services Fund deficit is due to the closure of the County hospital inpatient facilities in November 1997 and the rising cost of health care. The plan to recover this deficit focuses on transfers from other funds, increased fees for service, and increased reimbursement from the Federal government as a Federally Qualified Health Center Look-Alike.

The General Liability Insurance deficit is due to unexpected expenses in combination with user rates that were too low. This deficit will be funded by increased user charges.

Note 4: Excess of Actual Expenditures Over Budget in Individual Budget Units

For the year ended June 30, 2011, actual expenditures based on budgetary basis, excluding transfers, exceeded budget at the department and object level as follows:

Table with 3 columns: Fund Type & Department, Object, and Excess Expenditures. Rows include General Fund - Elections Division, Special Revenue Fund - Behavioral Health & Recovery Services, and Special Revenue Fund - Children and Families Commission.

The above disclosure is based on departmental appropriations as of June 30, 2011. The positive effect of unanticipated revenue received during the fiscal year for which estimated revenue and appropriations were non increased is not reflected in the above chart.

Note 5: Cash and Investments

The County maintains a cash and investment pool - Stanislaus County Treasurer's Pool - for the purpose of increasing interest income through investment activities. This pool, which is available for use by all funds, is displayed on the statement of net assets/balance sheet as "cash and investments." The Stanislaus County Treasurer's Pool generally limits participation in the pool to those agencies and districts required to participate by legal provisions of the California State Government Code for those agencies and districts.

The share of each fund in the Stanislaus County Treasurer's Pool is separately accounted for and interest is apportioned quarterly based on the relationship of the fund's average daily cash balance to the total of the pooled cash and investments. In accordance with

Note 5: **Cash and Investments** (continued)

Government Code Section 53647, interest on all money deposited in the County Treasury belongs to the County and participating schools unless otherwise directed by law or the County Board of Supervisors. The County has numerous funds in which the interest earned is deposited into the General Fund to comply with the above code section.

The Stanislaus County Treasurer's Pool is not SEC-registered, but is invested in accordance with California State Government Code section 53600 et. seq. California State Government Code requires the formation of an Investment Oversight Committee, which is charged with overseeing activity in the pool for compliance to policy and code requirements. To this end, the Oversight Committee reviews the monthly investment report prior to presentation to the Board of Supervisors and causes an audit of investments to occur annually.

In addition to the restrictions and guidelines of the Government Code, cash and investments with the County Treasurer are invested pursuant to investment policy guidelines established by the County Treasurer and accepted by the Board of Supervisors. The objectives of the policy are, in order of priority, legality of investment, safety of principal, liquidity and yield.

Total County cash and investments are as follows:

*Interest Rate Risk* - This is the risk of loss due to the fair value of an investment falling because of rising interest rates. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

- *Stanislaus County Treasurer's Pool.* The County's policy for interest rate risk allows investments to be sold prior to maturity at a loss if such sale will allow investment in a higher yield vehicle and any loss upon sale can be more than compensated by additional interest earning within a six month period. Of the County's \$1.0 billion portfolio, over 58% of the investments have a maturity of one year or less. No investment has maturity greater than four years.
- *Stanislaus County Tobacco Settlement Investment Portfolio.* This portfolio, under a separate investment policy, includes Municipal bonds with maturities of up to 25 years that are sensitive to interest rate changes. Of these bonds, 85% are insured, which tends to reduce interest rate risk.
- *StanCERA's Investment Portfolio.* StanCERA's average effective duration of all fixed income holdings, reflecting all instruments including Collateralized Mortgage Obligations and Asset-Backed Securities, must be maintained at plus or minus 1.5 years of the Barclay Aggregate bond index duration. At year end the Barclay Aggregate Bond Index was yielding 2.83% with an effective duration of 5.2 years. StanCERA had a yield of 3.18% with an effective duration of 4.2 years.

*Credit Risk* - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

- *Stanislaus County Treasurer's Pool.* The County is permitted to hold investments of issuers with a short-term rating of "A-1" and a minimum long-term rating of "A" by two of the top nationally recognized statistical rating organizations (rating agencies). Additionally, the County is permitted to invest in U.S. Treasuries, Government Sponsored Enterprises (Agencies), the State's Local Agency Investment Fund and collateralized certificates of deposit that are un-rated.
- *Stanislaus County Tobacco Settlement Investment Portfolio.* This portfolio includes insured and non-insured bonds that are single A, double A or triple B and make up 57% of the portfolio. The rest of the portfolio is invested in money market and mutual funds with maturities of less than one year.
- *StanCERA's Investment Portfolio.* Under StanCERA policy, the fixed income portfolio must have an average quality rating of A or better in the aggregate as measured by at least one credit rating service. Investment grade quality is defined as BBB rated or higher at time of purchase. In cases where credit rating agencies assign different quality ratings to a security, the lower rating will be used. Should the rating of a fixed income security fall below investment grade, the manager may continue to hold the security if they believe the security will be upgraded in the future, there is a low risk of default, and buyers will continue to be available throughout the anticipated holding period. The manager has the responsibility of notifying the StanCERA Board whenever an issue falls below investment grade. The notification should include the manager's assessment of the issue's credit rating and its ongoing role in the portfolio.

The following table shows the quality of StanCERA's investments in fixed income securities on June 30, 2011.

### Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 5: **Cash and Investments** (continued)

*Custodial Credit Risk-deposits* - In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

- *Stanislaus County Treasurer's Pool and other deposits.* At year-end, Stanislaus County had no custodial credit risk exposure to any depository financial institution. As per State of California Government Code (Section 53630 – 53683), our depository banks, i.e., Bank of the West, Union Bank of California, and US Bank collateralize Stanislaus County public funds with eligible securities having a market value of at least 110% of the actual amount on deposit. These securities are maintained with the third party custodians. The collateral is held in a pool based on the bank's total public deposits. The County did not have deposits in any foreign currency.
- *StanCERA's Investment Portfolio.* At year end, StanCERA had no custodial credit risk exposure to any depository financial institution. All deposits are placed with a custodial bank. The custodian is responsible for maintaining an adequate level of collateral in an amount equal to 102% of the market value of loaned securities. Collateral received may include cash, letters of credit, or securities. If securities collateral is received, StanCERA cannot pledge or sell securities collateral unless the borrower defaults.

*Custodial Credit Risk-investments* - For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

- *Stanislaus County Treasurer's Pool and Stanislaus County Tobacco Settlement Investment Portfolio.* All negotiable instruments are held by the County's custodian or a third party in the County's name. The County did not participate in securities lending. The investment policy prohibits investment in instruments denominated in a foreign currency.
- *StanCERA's Investment Portfolio.* State statutes and Board of Retirement Investment Policy permit StanCERA to participate in a securities lending program. StanCERA's custodial bank administers its securities lending program. At year-end, StanCERA had no custodial credit risk exposure to borrowers because the amounts StanCERA owed to borrowers exceeded the amounts the borrowers owed to StanCERA. StanCERA's contract with the custodian requires it to indemnify StanCERA if the borrower fails to return the securities and the collateral is inadequate to replace the securities lent or fail to pay StanCERA for income distributions by securities issuers while securities are on loan.

As of June 30, 2011, StanCERA had securities on loan with a carrying value of \$138,824,720 and cash collateral of \$144,453,289, with non-cash collateral of \$1,285,598. The types of securities lent were U.S. Government and Agencies, U.S. Corporate Fixed Income and U.S. Equities. There are no restrictions on the amount of securities that may be lent.

Note 5: **Cash and Investments** (continued)

*Foreign Currency Risk* – This is the risk that changes in exchange rates may adversely affect the fair value of an investment

- *StanCERA's Investment Portfolio.* StanCERA's external investment managers may invest in international securities and must follow StanCERA's Investment Guidelines pertaining to these types of investments.

The fair value, in US dollars, of StanCERA's foreign currency at June 30, 2011 was \$282,599,170, distributed as follows:

<u>Currency</u>	<u>Fair Value (in US \$)</u>	<u>Currency</u>	<u>Fair Value (in US \$)</u>
Australian Dollar	\$ 15,142,936	New Turkish Lira	\$ 788,374

Mexican Nuevo Peso	638,657	Global REIT's	19,355,304
New Taiwan Dollar	2,727,642	US Dollar	45,289,178

*Concentration of Credit Risk* - This is the risk of loss due to a large concentration of investments in any one issuer. Investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are not considered at risk.

- *Stanislaus County Treasurer's Pool.* Over 68% of the County's investments, including collateral on repurchase agreements, were in the U.S. Government or Government Sponsored Enterprises (Agencies). The following Agencies each comprised more than 5% of the pool investments:

<i>US Treasury Securities</i>	<i>31.25%</i>
<i>Federal Home Loan Bank</i>	<i>18.85%</i>
<i>Federal Farm Credit Bank</i>	<i>8.847%</i>
<i>Freddie Mac</i>	<i>5.77%</i>

Of the 32% of the portfolio invested in other types of investments, the following investments exceed 5%.

<i>Bank of America (short term)</i>	<i>9.56%</i>
-------------------------------------	--------------

- *Stanislaus County Tobacco Settlement Investment Portfolio.* This portfolio includes California State Municipal bonds that comprise 16% of the portfolio.

Note 5: **Cash and Investments** (continued)

- *StanCERA's Investment Portfolio.* StanCERA's policy requires that not more than 5% of the total StanCERA stock portfolio, valued at market, may be held in the common stock of any one corporation. Not more than 5% of the outstanding shares of any one company may be held. Individual investment managers are to hold no more than 8% of the market value of the manager's entire stock portfolio in any one company's stock. Not more than 25% of the stock valued at market may be held in any one industry category, as defined by the Retirement Association's consultant, without special permission from the StanCERA Board.

With the exception of securities issued by the U.S. Government and its agencies, no single fixed income issue will represent more than 5% of the total portfolio as measured by market value at time of purchase. Holdings of any individual issue must be 5% or less of the value of the total issue.

At June 30, 2011, StanCERA had the following investments:

## COUNTY OF STANISLAUS

### Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 5: **Cash and Investments** (continued)

In accordance with GASB No. 31, investments are reported on the statement of net assets/balance sheet at their fair value and all changes in fair value are reflected in income of the period in which they occur. Fair values were obtained from our custodial statement for all investments having greater than 90 days to maturity in the following categories:

- U.S. Agency and GSE Bonds and Notes
- U.S. Treasury Bonds, Notes and Bills
- Corporate Bonds and Notes

Amortized cost was used for all investments having 360 days or less to maturity, which may include the following categories:

- Commercial Paper
- State of California Local Agency Investment Fund
- U.S. Agency and GSE Bonds and Notes
- U.S. Treasury Bonds, Notes and Bills
- Repurchase Agreements
- Corporate Bonds and Notes
- Money Market Funds

Book cost was used for collateralized Certificates of Deposit purchased from state and nationally chartered banks.

The Stanislaus County Treasurer's Pool maintains some investment in the State of California Local Agency Investment Fund (L.A.I.F.). The total amount invested by all public agencies in L.A.I.F. at June 30, 2011 was \$23.9 billion. L.A.I.F. is part of the State of California Pooled Money Investment Account (P.M.I.A.) whose balance at June 30, 2011 was \$66.4 billion. No amount was invested in any derivative financial products. P.M.I.A. is not SEC-registered, but is required to invest according to California State Code. The average maturity of P.M.I.A. investments was 237 days as of June 30, 2011.

The Local Investment Advisory Board (Board) has oversight responsibility for L.A.I.F. The Board consists of five members as designated by state statute. The value of the pool shares in L.A.I.F., which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the pooled treasury's portion in the pool. Withdrawals from L.A.I.F. are done on a dollar to dollar basis.

In accordance with GASB No. 31, investments are marked to fair values annually and an adjustment is made to each fund accordingly. However, actual daily activity is done on a dollar for dollar basis and only a withdrawal from the pool of a size that jeopardizes pool participants would cause the withdrawal to be done at market value.

### Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 6: **Interfund Transactions** (continued)

In fiscal year 2003-2004 the Health Clinics and Ancillary Services Fund borrowed monies from the Investment Trust Fund. The balance on the note as of June 30, 2011 is \$13,082,550 and the note is expected to be repaid, with interest, by July 2020. The interest will be credited each fiscal year end based on the Treasurer's pool rate. Annual transfers from the County's General Fund to the Health Services Agency will be the source of funds to retire the note.

The Health Clinics and Ancillary Services Fund borrowed a second loan-term loan from the Investment Trust Fund. The second note was established in fiscal year 2008-2009 to cover repayment of the Graduate Medical Education (GME) Federal funding. As of June 30, 2011, the balance on the note is \$9,981,859. The note is also funding the County's share of Residency Program costs for fiscal years 2008-2009 and 2009-2010. The note is expected to be repaid with interest by July 2026.

Based on the Treasurer's Pool rate, interest will be credited at the end of each fiscal year end for both notes. The notes will be retired through annual transfers from the County's General Fund.

Note 9: **Property Taxes**

The County’s property taxes are levied July 1 (Unsecured Roll) and October 1 (Secured Roll) on assessed values established on the lien date of the previous January 1 for all taxable property located within the County. Local assessed values are determined, subject to appeal before the Assessment Appeals Board, by the County Assessor’s Office. Locally assessed real property is appraised at the base year value and is adjusted each year after 1975 by the change in the California Consumer Price Index (CPI) not to exceed an increase of 2%. Property is re-appraised from the 1975-1976 base year value to current full value upon either (1) a change in ownership, or (2) new construction, as of the date of such transaction or completion of construction (only the newly constructed portion of the property is re-appraised). Thereafter, it continues to be increased annually by the change in the CPI not to exceed 2%. The total gross assessed value for the 2010-2011 fiscal year is \$36,945,593,396.

The County is permitted by Section 93, of the California Revenue and Taxation Code, to levy taxes up to \$1.00 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on general obligation bonds or other indebtedness approved by a two-thirds vote of its voters after June 4, 1986. Taxes are allotted to local agencies and school districts as outlined in Sections 95 through 100 of the California Revenue and Taxation Code.

Taxes are due in one installment (Unsecured Roll) on billing and are subject to late payment penalties if paid after August 31, or two installments (Secured Roll) due on November 1 and February 1, and again subject to the late payment penalties if paid after December 10 and April 10, respectively.

The County and its political subdivisions operate under the provisions of Sections 4701-4717 of the California Revenue and Taxation Code (otherwise known as the “Teeter Plan”). Under this method, the accounts of all political subdivisions that levy taxes on the County tax roll are credited with 100% of their respective secured ad valorem tax levy, regardless of the actual payments and delinquencies. This method then provides for all the delinquent penalties and redemptions flow to

the County's General Fund. In addition, Sections 4703 and 4703.2 of the California Revenue and Taxation Code require that a property tax loss reserve fund be maintained at 1% of the total of all taxes and assessments levied on the secured roll for that year for participating entities in the county, or 25% of the total delinquent secured taxes. For the 2010-2011 tax year, the Revenue and Taxation Code 4703 methodology of 1% was elected by Board resolution.

Taxes receivable in the General Fund includes \$18,012,420 million long term property tax receivable resulting from the Teeter method of distribution. This long term receivable as well as another \$8,630,515 million expected to be collected next fiscal year have already been credited to other governments. Total property tax receivables of \$26,492, 935 will be collected from the taxpayers.

Unsecured taxes are accrued in the period when they are levied and are recognized when they become available. "Available" means, due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. This period was 60 days from the end of the fiscal year. Property taxes receivable that do not meet the "available" criteria are recorded as deferred revenue.

Note 10: **Proposition 1A**

Proposition 1A, as approved by the voters of California on November 2, 2004, amended the State Constitution by prohibiting the legislature from modifying the manner in which property tax revenues are allocated to the local taxing agencies. However, the provisions of Proposition 1A can be suspended under certain conditions. On July 28, 2009, the State legislature passed, and the Governor signed into law, the suspension of the property tax protection provisions of Proposition 1A and allowed the State to borrow up to 8% from the Fiscal Year 2009-2010 property tax allocation of local entities.

In Fiscal Year 2010-2011, the total amount of loan from the County's property tax allocation was \$7,866,152.

Note 11: **Leases**

**Operating Leases**

The County is committed under various operating leases for building and office space and business and data processing equipment.

With the exception of the Professional Liability Insurance Fund, which serves the Health Clinics and Ancillary Services Enterprise Fund, internal service funds serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end \$683,365 of internal service funds compensated absences are included in the above amounts. Also, for the governmental activities, risk management liability and compensated absences are generally liquidated by the General Fund.

As of June 30, 2011, annual debt service requirements of governmental activities to maturity are as follows:

**C. Tobacco Settlement Asset-Backed Bonds**

The County has issued two series of capital appreciation bonds. The first series is the Series 2002 Tobacco Settlement Asset-Backed Bonds and the second is the Series 2006 Tobacco Settlement Asset-Backed Bonds. Capital appreciation bonds are debt securities on which the investment return on an initial principal amount is reinvested at a stated compounded rate until maturity, at which time the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return.

The California County Tobacco Securitization Agency (the Agency) issued bonds and loaned the proceeds to a nonprofit corporation formed by the County called the Stanislaus County Tobacco Funding Corporation (the Corporation) which, in turn paid the proceeds to the County. The bonds are limited obligations of the Agency payable solely from payments made by the Corporation from tobacco settlement revenues purchased from the County.

In April 2002, the Agency issued the Tobacco Settlement Asset-Backed Bonds on behalf of the Corporation, which is reported as a blended component unit of the County. The original issue amount of the bonds was \$67,305,000 and the expected maturity dates were from June 1, 2019-2043. The bonds' interest rates range from 5.5% to 7.5%.

In April 2006 the Agency issued the Tobacco Settlement Asset-Backed Bonds, Subordinate Series 2006 in the amount of \$42,153,611 and the expected maturity dates were from June 1, 2046-2055. The bonds' interest rates range from 5.75% to 7.25%.

**D. Arbitrage**

Arbitrage regulations pertain to the investment of tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable arbitrage rebates are not reported and paid to the Internal Revenue Service at least every five years. During the current year no calculations were performed. At June 30, 2011, the County has no outstanding liability for arbitrage.

Note 13: **Solid Waste Landfill Closure and Postclosure Care Costs**

There are two solid waste landfill sites in the County. The Fink Road Sanitary Landfill is owned by the County and is currently operating. The Geer Road Sanitary Landfill is on land jointly owned by the City of Modesto and the County of Stanislaus. This landfill has reached capacity and was closed in June 1990. The County of Stanislaus, by and through its Board of Supervisors, administered the closure operations of the Geer Road Landfill. Both landfills are reported in their entirety as enterprise funds.

State and federal laws require the County to close a landfill once its capacity has been reached and to monitor and maintain the site for thirty subsequent years. The County recognizes a portion of the closure and postclosure care costs in each operating period even though actual payouts will not occur until a landfill is closed. The amount recognized each year to date is based on the landfill capacity used as of the financial statement date.

	Fink Road	Geer Road	Total
Estimated total liability for closure/ postclosure at June 30, 2011	\$22,708,188	\$ 5,628,883	\$28,337,071
Liability recognized as of June 30, 2011	\$ 7,456,544	\$ 5,628,883	\$13,085,426
Landfill capacity used to date	32.84%	100%	
Estimated remaining useful life	22 years		

The estimated costs of closure and postclosure care are subject to changes such as the effects of inflation, technology, revision of laws and other variables. State and federal laws require the County to establish a closure fund to accumulate assets needed for the actual payout of closure and postclosure care costs. Of the restricted cash and investments in the proprietary funds, the following amounts are held for this purpose:

Fink Road Landfill	\$18,012,003
Geer Road Landfill	\$ 2,382,710

Note 14: **Net Assets/Fund Balances**

**Net Assets**

The government-wide and business-type activities financial statements utilize a net assets presentation. Net assets are as follows:

- *Invested in Capital Assets, Net of Related Debt* – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted Net Assets* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted Net Assets* – This category represents net assets of the County, not restricted for any project or other purpose.

As of June 30, 2011, the County had the following restrictions to net assets:

	Governmental Activities	Business-type Activities

### Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 14: **Net Assets/Fund Balances** (continued)

#### **Fund Balances**

**Nonspendable Fund Balance** – amounts cannot be spent because a) not in spendable form or b) legally or contractually required to be maintained intact.

**Restricted Fund Balance** - amounts are restricted by external parties i.e. creditors, grantors, contributors or laws/regulations of other governments or restricted by law through constitutional provisions or enabling legislation.

**Committed Fund Balance** – amounts that can only be used for specific purpose pursuant to constraints imposed by formal action of the government's highest level of decision making authority. The formal action must occur prior to the end of the reporting period. The amount, which will be subject to the constraint, may be determined in the subsequent period.

**Assigned Fund Balance** - amounts constrained by the government's intent to be used for specific purposes that are neither restricted nor committed. The intent can be expressed by a) the governing body itself or b) a body or official to which the governing body has delegated the authority i.e. budget/finance committee. Monies set aside for debt service, carryover appropriations, teeter plan, retirement obligation, contingencies and tobacco settlement are some of the examples to be included in the assigned category. Assigned fund balance can be used to eliminate the projected budgetary deficit in the subsequent year's budget.

**Unassigned Fund Balance** – a residual classification for the general fund. The total fund balance less restricted, committed or assigned equals unassigned fund balance. General fund is the only fund that should report a positive unassigned fund balance amount. A negative fund balance is possible in other governmental funds.

Note 15: **Risk Management**

The County CEO-Risk Management Division's program encompasses workers' compensation, general and professional liability, property, unemployment, vision, dental and purchased health insurance. The County is self insured for workers' compensation for the first \$500,000 per claim with excess insurance for amounts spent over \$500,000 not to exceed \$5,000,000 per claim. The general liability insurance covers property damage, personal injury, auto and public officials' errors and omissions has a self insured retention of \$250,000 per occurrence with excess insurance through CSAC Excess Insurance Authority of up to \$25,000,000. The County's property coverage limit is \$584,896,996 subject to a \$15,000 deductible. Unemployment, vision care, and dental insurance are the sole responsibility of the County. Limited exposure precludes the need for outside insurance coverage. Health Insurance is offered to employees through Kaiser HMO and Health Savings Account and Anthem Blue Cross HMO and Health Savings Account options.

The Health Services Agency and Behavioral Health and Recovery Services participate in the medical malpractice program subject to a self-insured retention of \$500,000 per claim. The excess insurance is capped at \$10,000,000 per claim.

## Notes to the Basic Financial Statements For the Year Ended June 30, 2011

Note 15: **Risk Management** (continued)

The estimation of claims liability is dependent on factors including, but not limited to; inflation, changes in legal doctrine, and damage awards. Accordingly, an actuarial study is completed each year.

The County is named in several legal actions and while we cannot predict the ultimate outcome with certainty, we do not believe there will be an adverse impact on the financial position of the County.

	2009/2010	2010/2011
Unpaid claims as of July 1	\$ 22,630,658	\$ 26,437,608

Note 16: **Contingent Liabilities**

The County participates in a number of federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. Some audits of these programs prior to and for the year ended June 30, 2011, have not been conducted or concluded. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

**Stanislaus Waste-to-Energy Financing Agency**

Stanislaus Waste-to-Energy Financing Agency (Agency) was created May 1, 1989, pursuant to a joint exercise of powers agreement between the City of Modesto (the City) and the County of Stanislaus. The Agency is administered by a commission consisting of two members of the City council and two members of the County's Board of Supervisors.

The agreement provides that the City and the County shall pay for costs associated with the operation of the Agency and are entitled to all rights and property of the Agency equally.

On May 1, 1990, the Agency issued Certificates of Participation to refinance a bond issued through California Pollution Control Financing Authority. And on February 1, 2000 Refunding Revenue Certificates were issued to refinance the 1990 COPs. Outstanding debt of the Agency at June 30, 2011 is \$0. Financial statements for the Agency are produced biannually and may be obtained by writing to the County of Stanislaus, Environmental Resource Department, 3800 Cornucopia Way, Suite C, Modesto, CA 95358.

#### Tuolumne River Regional Park

The County participates with the City of Modesto and the City of Ceres in the operation and development of the Tuolumne River Regional Park (TRRP). The governing body consists of two members from each city council and the County Board of Supervisors.

The TRRP Board prepares the annual budget, which must be approved by both cities' councils and the Board of Supervisors. Each participant has an equity interest in the assets of the Park based on the percentage of cumulative contributions paid. As of June 30, 2011, the County's equity interest was \$2,148,820. For the fiscal year ending June 30, 2011, the County contributed \$173,466 to TRRP. Financial statements for TRRP are prepared by the City of Modesto Finance Department and are available from them. Financial Statements may be obtained by writing to the City of Modesto, Finance Department, P.O. Box 642, Modesto, CA 95353.

#### Stanislaus Drug Enforcement Agency

Stanislaus County and the cities of Modesto, Oakdale, Ceres, Patterson, Turlock, Riverbank, Waterford, Hughson and Newman are the participants in the Stanislaus Drug Enforcement Agency (SDEA). The purpose of the SDEA is to maintain a fully operational and specially trained police unit to assist each of the participating agencies in the enforcement of drug control laws, and to study, plan and set priorities for effective enforcement of such laws throughout Stanislaus County.

The governing body consists of the Sheriff, the District Attorney and Chief Probation Officer of Stanislaus County and the Chief of Police for each participating city. All participants contributed to the funding of the SDEA budgeted expenditures, based on population. The County's cash contribution to the SDEA for fiscal year 2011 was \$152,243. The total cash plus in-kind contribution was \$520,337. Upon termination of the agreement, assets will be distributed based on total contributions from each participant. Financial statements of the SDEA are available from the City of Modesto. Financial Statements may be obtained by writing to the City of Modesto, Finance Department, P.O. Box 642, Modesto, CA 95353.

#### The City-County Capital Improvements and Financing Agency

The City-County Capital Improvements and Financing Agency (Agency) was created December 17, 1996, pursuant to a joint exercise of powers agreement between the City of Modesto and the County of Stanislaus. The Agency is administered by a six-member commission consisting of two members of the City Council, two members of the County's Board of Supervisors, the County Chief Executive Officer and the City Manager. Each participant has an equity interest in the assets of the Agency in accordance with any project agreements or in the percentages as agreed upon by the Agency which percentages shall be reviewed and approved in connection with the project and annual budgets of the Agency. As of June 30, 2011, the County's equity interest in the Agency was \$12,543,587 and is reported as Investments-joint ventures in the government-wide statement of new assets.

The City of Modesto was the Agency's fiscal administrator after the construction phase of the City-County Administration Center through end of June 2010. As of July 2010, County of Stanislaus has resumed as the Agency's fiscal administrator. Financial Statements may be obtained by writing to the County of Stanislaus, Auditor-Controller Department, P.O. Box 770, Modesto, CA 95353.

The California County Tobacco Securitization Agency

In November 1998, the attorneys general of 46 states (including California) and various other public entities (collectively, the "Settling States") and the four largest United States tobacco manufacturers entered into a master settlement agreement (MSA) in resolution of cigarette smoking-related litigation. The MSA effectively releases the manufacturers from past, present and future smoking related claims in exchange for, among other things, certain payments to be made to the Settling States.

On August 5, 1998 the counsel for the State of California and various jurisdictions therein ("participating jurisdictions") entered into a memorandum of understanding (MOU), made to the State of California in accordance to the MSA. However, the payments under the MSA are subject to numerous adjustments and potential delays.

On November 15, 2000, the County entered into a Joint Powers Agreement (the "Agreement") with the County of Merced, County of Sonoma, and the County of Kern thereby creating the California County Tobacco Securitization Agency (the "Agency"). The Agency then added the County of Marin, County of Placer, the County of Fresno, and the County of Alameda. The Agency is governed by a Commission, which is comprised of two designees of the Board of Supervisors of each member.

The purpose of the Agreement is to provide for the exercise of powers common to each member, including, but not limited to, the power to insure, hedge or otherwise manage the risks associated with the receipt of the MSA payments. In furtherance of its purpose, the Agency has been empowered to issue Bonds secured by the MSA payments of one or more members, the proceeds of which will be used directly or indirectly to purchase all or a portion of the rights to the MSA payments from a member or members.

#### The California County Tobacco Securitization Agency (continued)

On March 1, 2002, the Stanislaus County Tobacco Funding Corporation, a component unit of the County, entered into an agreement with the Agency for the purpose of issuing bonds in the principal amount of \$67,305,000 to acquire the County's rights to receive the MSA payments when and as such funds are available. The County agreed to sell its rights, title and interest of the money due under the MSA and the MOU for \$52,403,206.

On March 1, 2006 the Stanislaus County Tobacco Funding Corporation entered into a subordinate secured loan agreement with the Agency to borrow the proceeds of the \$42,153,611 agency 2006 bond issue. The proceeds were used to pay the issuance costs of the bond and the remainder placed in the residual trust established for the benefit of the County in connection with the sale of County tobacco assets mentioned above. The County received \$40,971,290.

The financial statements of the Agency are produced annually and may be obtained by writing to the County of Los Angeles, Rachelle Anema, Principal Accountant, Auditor-Controller, 500 West Temple Street, Room 525, Kenneth Hahn Hall of Administration, Los Angeles, CA 90012.

#### Consolidated Emergency Dispatch Agency

The Modesto/Stanislaus Consolidated Emergency Dispatch Agency (the "Agency") was created on September 1, 1999, pursuant to a joint exercise of powers agreement between the City of Modesto (the "City") and the County of Stanislaus (the "County"). The Agency is administered by a seven-member commission consisting of one member of the Modesto City Council, one member of the County's Board of Supervisors, the County Chief Executive Officer, the Modesto City Manager, two members from the Dispatch Advisory Board, and one member from the City of Ceres' City Council. The purpose of the Agency is to consolidate the public safety communications system. The responsibilities of the County and the City include approval: of the annual budget, claims, liabilities, and the use of Agency property as collateral. Each participant will contribute sufficient funds to pay for all costs and expenses associated with providing Emergency Dispatch Services. Upon termination of the agreement, assets will be distributed equally to the City and County, unless otherwise approved. The financial statements may be obtained by writing to the Modesto/Stanislaus Consolidated Emergency Dispatch, Office Manager, 3705 Oakdale Road, Modesto, California, 95357.

#### Regional Fire Training Center

On July 1, 1992 the County, Yosemite Community College District (YCCD), and the city of Modesto (City) entered into a 20 year agreement for the joint use and management of the regional fire training center (Center) at Modesto Junior College (MJC). The Center's executive board is made up of the Chancellor of YCCD, the President of MJC, the City

Manager and the Chief Executive Officer of the County. The Center was initially constructed using funds borrowed by YCCD with the City and County reimbursing a portion of these costs over 20 years. The buildings, grounds and equipment belong to YCCD. All three entities share in the Center's operating costs with YCCD responsible for the accounting and monitoring of the Center's budget. For fiscal year ending June 30, 2011, the County paid \$57,451 to YCCD under this agreement. Financial Statements may be obtained by writing to the Office of the Chancellor, Yosemite Community College District, 2201 Blue Gum Avenue, Modesto, CA 95352.

#### California Statewide Automated Welfare System Consortium IV

The California Statewide Automated Welfare System Consortium IV (Authority) was formed in December of 1998, pursuant to a joint exercise of powers agreement between the Counties of San Bernardino, Riverside, Merced and Stanislaus. The Authority was created for the purpose of the design, development, implementation, and on-going operation and maintenance of a system that automates the eligibility and case management functions of various welfare programs.

On January 9, 2007, the Board of Supervisors approved the Amendment 1 of the Joint Powers Agreement to add thirty-five (35) counties to the current C-IV Joint Powers Authority (JPA). The benefits of adding these counties creates opportunities to expand and improve the current C-IV system along with lowering each counties share of costs.

The Authority was originally governed and administered by a Board of Directors consisting of four (4) Directors. The Directors are the Merced County Director of the Human Services Agency, the Riverside County Director of the Department of Public Social Services, the San Bernardino County Assistant County Administrator for Social Services, and the Stanislaus County Director of the Community Services Agency. With the addition of 35 counties three (3) new directors will be added.

Stanislaus County's C-IV costs for Fiscal Year 2010-2011 were \$316,565. Financial Statements may be obtained by writing to the County of San Bernardino, County Administrative Officer, 385 North Arrowhead Avenue 5<sup>th</sup> Floor, San Bernardino, CA 92415.

#### North County Corridor Transportation Expressway Authority

On April 1, 2008, the Board of Supervisors approved the establishment of a Joint Powers Authority (Authority) between the County and the cities of Modesto, Oakdale and Riverbank to create the North County Corridor Transportation Expressway. The purpose of the Authority is to prepare, identify, and adopt a precise alignment, and prepare and certify environmental documents for a route to improve east/west traffic circulation in the County.

North County Corridor Transportation Expressway Authority (continued)

The intent of the North County Corridor is to provide a high capacity high speed east-west roadway to accommodate anticipated traffic growth, alleviate traffic on parallel roads, and to accommodate multi-modal travel. Under the terms of the agreement, the County will incur 40% of the costs of the project while each of the participating cities will be contributing 20%. The preliminary project development costs will be funded by State Transportation Program and Public Facility Fees. The Authority Board of Directors will be comprised of two directors appointed by the County, and one director from each participating city. The board acts autonomously from the respective member agencies. The County of Stanislaus Public Works Director is designated as the Authority's manager. Upon completion of the agreement, all assets will be distributed to the respective parties of the agreement as determined by the Board of the Authority. Financial statements, when available, may be obtained by writing to the County of Stanislaus, Public Works Department, 1716 Morgan Road, Modesto, CA 95358.

The Stanislaus Animal Services Agency

The Stanislaus Animal Services Agency (SASA) was created October 27, 2009, pursuant to a joint powers agreement among the cities of Ceres, Hughson, Modesto, Patterson, Waterford, and the County of Stanislaus. SASA is administered by a six-member board comprised of the City Manager of each partner agency, and the Chief Executive Officer of the County. The purpose of SASA is to operate a regional agency providing animal services to their respective communities. The SASA Executive Director prepares the annual budget which must be approved by the SASA Board. Each partner agency will contribute sufficient funds to pay for all costs approved in the budget to provide animal services. Upon termination of the agreement, assets will be distributed in accordance with the joint powers agreement. The financial statements may be obtained by writing to the Stanislaus Animal Services Agency, Executive Director, 3647 Cornucopia Way, Modesto, CA, 95358.

Note 18: **Employees' Retirement Plan**

The County is a major participant in the Stanislaus County Employees Retirement Association (StanCERA), a retirement system organized under the 1937 Retirement Act. StanCERA is a cost-sharing multiple-employer Public Employee Retirement System (PERS). StanCERA provides retirement and disability benefits, annual cost-of-living adjustments, death benefits and health and welfare insurance for certain retirees and their dependents. The plan is administered by the Stanislaus County Employees Retirement Association. One actuarial valuation is performed for the system as a whole and the contribution rate is determined for each participating entity. The participating entities are the County, City of Ceres, and six special districts located in the County that are not governed by the County's Board of Supervisors. StanCERA issues a Comprehensive Annual Financial Report (CAFR) that includes financial statements and required

supplementary information for StanCERA. The CAFR may be obtained by writing to Stanislaus County Employees' Retirement Association, P O Box 3150, Modesto, CA 95353-3150 or by calling (209) 525-6393.

The StanCERA CAFR is prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. All other securities are valued at the last reported sales price at current exchange rates. No investment in any single asset represents more than 5% of the net assets available for pension benefits.

StanCERA has five tiers of retirement benefits, all or some of which are offered to General and Safety members, respectively. The benefits known as Tier 1, Tier 2, Tier 4, and Tier 5 vest after five years of credited service, while the benefit known as Tier 3 vests after 10 years of credited service. Vested General members with Tier 1, Tier 2, Tier 4 or Tier 5 benefits may retire at age 50 or older with 10 or more years of membership with StanCERA or at any age with 30 or more years of credited service. Vested Safety members with Tier 1, Tier 2, Tier 4 or Tier 5 benefits may retire at age 50 or older with 10 years of membership with StanCERA or at any age with 20 or more years of credited service. All Tier 3 members may retire at age 55 with 10 or more years of credited service.

For members with Tier 1, Tier 4 or Tier 5 benefits, final average salary is the average monthly salary based on the highest twelve consecutive months of earnings. For members with Tier 2 or Tier 3 benefits, final average salary is the average monthly salary based on the highest thirty-six consecutive months of earnings.

The retirement benefit for Tier 1, Tier 2, Tier 4 and Tier 5 members includes a post-retirement cost-of-living (COL) adjustment based upon the Consumer Price Index. COL increases/decreases are limited to a maximum of 3% annually. Total COL decrease(s) cannot exceed the cumulative amount of previous COL increase(s). Tier 1, Tier 2, Tier 4 and Tier 5 provide death and disability benefits.

Those members participating in Tier 1, Tier 2, Tier 4 and Tier 5 are required by statute to contribute to the pension plan. Members' contribution rates are formulated on the basis of the age at date of entry and the actuarially calculated future benefits. The County is required by statute to contribute the remaining amounts necessary to finance the estimated benefits accrued to its members. Contribution rates vary from 6.44% to 20.95% of covered payroll for the County and from 3.06% to 15.55% of covered payroll for employees.

Note 18: **Employees' Retirement Plan** (continued)

Benefits and contribution provisions are established by state law subject to amendment only by a legislative act of the State of California. Alternative benefit and contribution schedules are permissive with approval of the Board of Supervisors.

StanCERA provides a death benefit of \$5,000 paid to the beneficiary or estate if a member dies after retirement, provided that Stanislaus County was the members' last public employer.

Effective January 1, 2010, StanCERA no longer provides ad-hoc benefits to retirees. Ad-hoc benefits are non-vested benefits determined by the Board of Retirement. Approved changes to the excess earnings policy by the Board of Retirement on May 24, 2010 placed further restrictions on offering ad-hoc benefits, specifically that the system must be 90% actuarially funded prior to the Board of Retirement offering any ad-hoc benefits. StanCERA is 76.30% actuarially funded as of June 30, 2010.

The County's contribution to StanCERA for the years ending June 30, 2009, 2010 and 2011 were \$20,160,386, \$19,253,308 and \$26,256,729 respectively, equal to the required contributions for each year. The County does not contribute towards post-employment benefits other than retirement.

Expressing StanCERA's benefits pension plan (the Plan) net assets as a percentage of the actuarial accrued liability (AAL) provides one indication of StanCERA's funding status on a going-concern basis. Analysis of this percentage over time will indicate whether the Plan is becoming financially stronger or weaker. As of the most current actuarial valuation completed for year ending June 30, 2010 this percentage was 76.30%. Trends in the unfunded actuarial accrued liability (UAAL) and annual covered payroll are both affected by inflation. Expressing the UAAL, as a percentage of annual covered payroll

Plan Description

Stanislaus County is a participant in the Stanislaus County Employees Retirement Association (StanCERA), a cost-sharing multiple-employer defined benefit public employee retirement system. StanCERA provides retirement benefits only. However, County retirees and active County employees are rated in the same pool to determine health insurance premiums. This ability for retirees to obtain coverage at active employee rates results in an economic benefit or implicit subsidy even though the retirees pay their entire premiums (substantive plan).

Funding Policy

The County makes no direct contributions to the StanCERA to fund the OPEB plan. The implicit subsidy is financed on a pay-as-you-go basis. The County does not intend to adopt a policy to pre-fund the implicit subsidy to retirees.

For fiscal year ended June 30, 2011 the County's annual OPEB cost (expense) of \$3,858,694 was equal to the annual required contribution (ARC). The net OPEB obligation for 2011 is as follows:

<u>Fiscal Year</u> <u>Ended</u>	<u>Annual</u> <u>OPEB Cost</u>	<u>Percentage of</u> <u>Annual OPEB</u> <u>Cost Contributed</u>	<u>Net OPEB</u> <u>Obligation</u>
6/30/2011	\$ 3,858,694	69.7%	\$ 5,699,332

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The funded status of the plan as of June 30, 2011 was as follows:

Data provided by last actuarial valuation as of July 1, 2010

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The plan's first actuarial valuation was performed as of July 1, 2006. In that valuation, the Projected Unit Credit Cost Method was used. The actuarial assumptions included a six percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of five percent after five years. Both rates reflect an implicit three percent general inflation assumption. The County's unfunded actuarial accrued liability is being amortized as a level dollar amount on a rolling basis. The remaining amortization period as of June 30, 2007 was 30 years.

**Children and Families Commission (Proposition 10)**

Assembly Bill 99 (AB 99), adopted by the Legislature and signed into law by the Governor in March of 2011, mandated a shifting (on or before June 30, 2012) of \$1 billion from state and local Prop 10 commissions to the State Treasurer. AB 99 required payments of \$50 million

from the state commission and \$950 million from local commissions. The Stanislaus County Children and Families Commission's share of this mandate is estimated to be \$8.3 million.

Eleven counties sued the State challenging the constitutionality of this bill by arguing that the Legislature cannot divert funds authorized by a proposition without first obtaining the approval of the electorate. And while the trial court found in favor of the counties, the State may still file an appeal, thereby delaying the final resolution of this litigation. Accordingly, as of June 30, 2011, the Stanislaus Commission has recorded a liability on the financial statements for AB 99 to ensure resources are available in the fund should payment be required at some time in the future.

#### Redevelopment Agencies

On June 29, 2011, Governor Brown signed into law Assembly Bill (AB) X1 26 and X1 27. AB X1 26 immediately suspended all new redevelopment activities and incurrence of indebtedness, and dissolves redevelopment agencies effective October 1, 2011 (the "Dissolution Act"). AB X1 27 allows redevelopment agencies to avoid dissolution under the Dissolution Act by opting into an "alternative voluntary redevelopment program" (the "Voluntary Program") requiring specified substantial annual contribution to local schools and special districts. These annual contributions are to be made by a redevelopment agency's 'sponsoring community' in the form of a 'remittance' payment to the State of California. Stanislaus County is the 'sponsoring community' for the Stanislaus County Redevelopment Agency.

In July 18, 2011, the California Redevelopment Association (CRA) and the League of California Cities (LOCC) filed a lawsuit (California Redevelopment Assn. v. Matosantos) with the California Supreme Court requesting that the Court declare unconstitutional AB X1 26 and X1 27. On August 11, 2011, the Court issued a partial stay regarding suspension of the effectiveness of AB X1 26 and AB X1 27 until it rules on the constitutionality of the two bills. On August 17, 2011, the Court issued an order modifying its stay on AB X1 26 clarifying that the requirements for an agency to adopt an Enforceable Obligation Payment Schedule (EOPS) within 60 days after the effective date of the bill are not stayed.

On August 23, 2011 the Stanislaus County Redevelopment Agency adopted an EOPS in compliance with AB X1 26. While actions in accordance with AB X1 27 are not required under the stay, both Stanislaus County and the Stanislaus County Redevelopment Agency have taken actions as required by AB X1 26 and X1 27, contingent on the Court's ultimate determination. On September 13, 2011, the Stanislaus County Redevelopment Agency authorized an agreement with Stanislaus County for reimbursement of 'remittance' payments made by the County under AB X1 27. County adopted an ordinance to continue the redevelopment activities of the Stanislaus County Redevelopment Agency in accordance with AB X1 27 and, on September 21, 2011, entered into the reimbursement agreement with the Stanislaus County Redevelopment Agency.

The California Supreme Court has committed to issuing a decision on the lawsuit by January 15, 2012.

The future of the Stanislaus County Redevelopment Agency is depend on the outcome California Redevelopment Assn. v. Matosantos, a lawsuit filed on July 18, 2011 by the California Redevelopment Association (CRA) and the League of California Cities (LOCC) with the California Supreme Court, requesting that the Court declare unconstitutional AB X1 26 and X1 27 which were signed into law on June 29, 2011 by Governor Brown.

AB X1 26 immediately suspended all new redevelopment activities and incurrence of indebtedness, and dissolves redevelopment agencies effective October 1, 2011 (the "Dissolution Act"). AB X1 27 allows redevelopment agencies to avoid dissolution under the Dissolution Act by opting into an "alternative voluntary redevelopment program" (the "Voluntary Program") requiring specified substantial annual contribution to local schools and special districts. These annual contributions are to be made by a redevelopment agency's 'sponsoring community' in the form of a 'remittance' payment to the State of California. Stanislaus County is the 'sponsoring community' for the Stanislaus County Redevelopment Agency.

On August 23, 2011 the Redevelopment Agency adopted an EOPS in compliance with AB X1 26. Note 20: **Subsequent Events** (continued)

#### Redevelopment Agencies (continued)

The California Supreme Court has committed to issuing a decision on the lawsuit by January 15, 2012. If both AB X1 26 and X1 27 are found to be unconstitutional, the Stanislaus County Redevelopment will continue to exist as an independent agency without reliance on Stanislaus County as a ‘sponsoring community’. If both AB X1 26 and X1 27

are found to be constitutional, the ordinance adopted by the County on September 20, 2011 and the September 21, 2011 reimbursement agreement between Stanislaus County and the Stanislaus County Redevelopment Agency will become effective. The Fiscal Year 2011-12 remittance payment will be in the amount of \$2,655,853 and the Fiscal Year 2012-13 remittance payment is estimated to be approximately \$631,845.

While not anticipated, it is possible that AB X1 26 could be found to be constitutional and AB X1 27 found to be unconstitutional. If this were to occur, the Stanislaus County Redevelopment Agency would be dissolved and its rights, obligations and responsibilities would be assigned to a ‘successor agency’. Stanislaus County will become the ‘successor agency’ unless it elects not to serve in that capacity.

#### Self-Funded Medical Insurance

Effective January 1, 2012, the County will self-fund its medical costs. This is a change from prior years, where the County purchased medical insurance coverage from various providers. In calendar year 2012, self-funded plans will be offered through Anthem Blue Cross, Kaiser, and Stanislaus County Partners in Health. The plans will be administered by a third party administrator and will be managed by the Chief Executive Office – Risk Management Division. Consultants and actuaries will also be used to evaluate the plan annually. Medical and pharmacy claims will be paid on a weekly basis, and revenue will be received on a bi-weekly basis, consistent with the timing of employees’ paychecks. This medical insurance will be available to all of the County’s approximately 3,500 full-time employees.

Potential exposures include deficit in cash as payments exceed the intake of cash. Another exposure includes expenditures in excess of revenue. The rates were based on an underwriting analysis and should be adequate to cover the expenditures for Stanislaus County’s self-funded medical plan. Throughout the year, the rates will be monitored closely to ensure the risk of deficit is minimized.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **Special Revenue Funds**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

### **Capital Projects Fund**

#### **Redevelopment Agency**

The Redevelopment Agency Fund was established so the County can use redevelopment tax increment financing as a tool to initiate capital public project, property rehabilitation and private development.

#### **Capital Projects**

The Capital Projects funds were established to account for financial resources for the acquisition or construction of major capital facilities. Among the major projects is a downtown project that includes the construction of a parking garage and office structure and the construction of the Center for the Arts.

### **Debt Service Funds**

Debt service funds account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Debt service funds include:

#### **Capital Improvement Financing Authority**

The Capital Improvement Financing Authority is used to accumulate resources for payment of principal and interest incurred by the sale of Certificates of Participation issued to finance various capital projects.

#### **Pension Obligation Bonds**

This fund is used to accumulate resources for the payment of principal and interest of taxable bonds issued to pay the Employees Retirement Association the County's unfunded actuarial accrued liability.

#### **Stanislaus County Tobacco Funding Corporation**

This fund is used to account for the receipt and disbursement of tobacco securitization revenues from the State.

Non-major  
Special Revenue  
Funds

## **NONMAJOR SPECIAL REVENUE FUNDS**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Special revenue funds include:

### **Environmental Resources**

This fund was established as a Comprehensive Environmental Department whose mandated goal was to control those factors in our physical environment, which exercise or may exercise a deleterious effect on our health and environment. Its revenues come from charges for services and federal and state sources.

### **Public Works – Engineering**

This fund was established to provide engineering services to other divisions in the Public Works Department and other County departments. Revenue consists primarily of charges for services.

### **Road and Bridge**

This fund was established to provide maintenance and construction of roadways and bridges. Revenue consists primarily of the County's share of state highway users taxes and is supplemented by federal funds, vehicle code fines, and reimbursements for services provided.

### **Employment and Training**

This fund was established to account for the Workforce Incentive Act. The County serves as the grant recipient and administrator. The federal government funds the program for the purposes of providing employment and training services to youth and adults, who are unskilled, economically disadvantaged, unemployed, or underemployed.

### **Child Support Services**

This fund was established to account for the Department of Child Support Services, which is responsible for locating absent parents, establishing paternity, establishing child and medical support orders, collecting and distributing child support from absent parents and initiating remedial actions to collect on delinquencies. Federal and state funding are the primary source of revenues.

## **NONMAJOR SPECIAL REVENUE FUNDS**

(Continued)

### **Public Authority**

This fund was established to operate as the Employer of Record for In-Home Supportive Service Providers (Providers). The Public Authority negotiates with the union for wages and benefits for Providers, operates a registry and conducts background checks on Providers.

### **Health Services Agency**

This fund was established to oversee the delivery of health care to Stanislaus County residents. It includes the Public Health and Managed Care divisions and oversees the Health Clinics and Ancillary Services (enterprise fund). The revenues for this fund are primarily intergovernmental sources and charges for services, supplemented by transfers from the General Fund.

### **Indigent Health Care**

This fund was established to administer state and county funds for the delivery for quality medical care for indigent and medically indigent county residents. The primary funding source is the State.

### **Library**

This fund was established to account for library services in thirteen branches throughout the county. Support is derived principally from general fund discretionary revenues and 1/8% sales tax increment beginning in July 1995.

### **Lighting Districts**

This fund was established for lighting districts that are controlled by the Board of Supervisors. The revenue sources are property taxes and direct assessments.

### **All Other Special Revenue Funds**

Accounts for the activities of several special revenue funds, including:

- Area Agency on Aging
- Property Tax Administration Program
- Federal & State Grants
- County Service Areas
- Storm Drain Districts
- Landscape and Lighting Districts
- County Fire Service

Non-major  
Enterprise  
Funds

## **NONMAJOR ENTERPRISE FUNDS**

Enterprise funds are established to account for the financing of self-supporting activities of governmental units, which render services on a user-charge basis to the general public.

### **County Transit System**

This fund was established to account for the operation of a transit system within the county which performs intra-city transit service, medical transportation, and Senior Opportunity Services Program's nutrition deliveries. Revenues are generated from state grants and fees to transit users.

### **Geer Road Sanitary Landfill**

The Geer Road Sanitary Landfill Fund was established to account for the operation of Geer Road Sanitary Landfill, which provides a dumping site for the disposal of solid wastes. The landfill was closed in July 1990 and is jointly owned with the City of Modesto.

### **Inmate Welfare/Commissary**

This fund was established to account for the activity of the Jail Commissary and the use of revenue generated from the sale of goods for the benefit of inmates.

# Internal Service Funds

## **INTERNAL SERVICE FUNDS**

Internal service funds were established to finance and account for the services and commodities furnished by a designated agency of a governmental unit to other departments of the same governmental unit. Since the services and commodities are supplied exclusively to other departments of a governmental jurisdiction, they are distinguishable from the public services which are rendered to the public in general and which are accounted for in general, special revenue, or enterprise funds.

### **General Liability Insurance**

This fund is a risk management fund which was established to account for administrative cost, insurance premiums and the cost of claims for the County's property damage, general liability, auto liability, fiduciary, bonds, dishonesty, and legal defense. Revenues are generated by premiums paid by other funds and interest on investments.

### **Unemployment Insurance**

This fund is a risk management fund which accounts for administrative cost and cost for the County's unemployment claims. Revenues are generated by premiums paid by other funds and interest on investments.

### **Workers' Compensation Insurance**

This fund is a risk management fund which accounts for administrative cost, loss control and cost of Workers' Compensation claims and benefits. Revenues are generated by premiums paid by other funds and interest on investments.

### **Purchased Insurance**

This fund accounts for insurance purchased from outside vendors for health and life insurance. Revenues are generated by premiums paid by other funds.

### **Dental Insurance**

This fund is a risk management fund to account for administrative cost and the cost for the County's employee dental claims. Revenues are generated by premiums paid by other funds and interest on investments.

### **Vision Care Insurance**

This fund is a risk management fund to account for administrative cost and the cost for the County's employee vision care claims. Revenues are generated by premiums paid by other funds and interest on investments.

## **INTERNAL SERVICE FUNDS (Continued)**

### **Professional Liability Insurance**

This fund is a risk management fund to account for the purchase of insurance and the cost of claims for medical malpractice cases, administrative costs and legal defense. Revenues are generated by premiums paid predominantly by the Health Services Agency Clinics and Ancillary Services Enterprise Fund, and interest on investments.

### **Central Services**

This fund was established to account for the cost of issuing supplies and food items, printing, duplication, postage, mail room service, and messenger service. Revenues are generated based on billings for services provided.

### **Fleet Services**

This fund was established to account for the cost of maintaining all County-owned automobiles, trucks, and heavy equipment for County departments. Revenues are based on fee charges for services provided.

### **Technology and Communications**

This fund was established to account for the costs of providing information services, computer processing and communication services. Revenues are based on billings to customers for services provided.

### **Morgan Shop Garage**

This fund was established to account for the cost of maintaining Public Works light and heavy equipment. Revenues are based on fee charges for services provided.

Note: Values are net values of all exemptions except the Homeowners Property Tax Relief Exemption which is State subvented. However, adjustments and cancellations after publication of the roll are not included. Values do include the assessed value of non-commercial aircraft.

(1) Due to the passage of the property tax initiative Proposition 13 (Prop 13) in 1978, the County does not track the estimated actual value of all County properties. Under Prop 13, property is assessed at the 1975 market value with an annual increase limited to the lesser of 2% or the CCPI on properties not involved in a change of ownership properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. Resultantly, similar properties can have substantially different assessed values based on the date of purchase.

Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments. A small area of the County is taxed at a rate less than 1% due to a decrease of service in th

The County is divided into approximately 1,266 tax code areas, which are unique combinations of various jurisdictions serving a specific geographical area. The above tax rates, which include levies for general obligation bonds and special assessments, represent the low and high tax rates levied within each tax rate area.

The above allocation percentages are for general levies only and exclude general obligation bond rates and special assessments.

The passage of Proposition 13 on June 6, 1978 enacted Article XIII(A) of the State Constitution. This prohibits the levying of any tax rate, except for existing voter-approved bonded debt, in excess of the general tax rate of 1% of assessed value (4% prior to year ended June 30, 1982). The proceeds of this tax are shared by all overlapping local government entities.

(1) Includes Superintendent of Schools

(2) Includes independent special districts, dependent special districts, redevelopment agencies and County Fire Service.
