**Stanislaus County Planning Services Fee Schedule - Effective July 23, 2022**

**PLANNING FEE SCHEDULE NOTES**

(1) Fees described above that require a deposit and are charged at "actual cost" have a minimum charge associated with them. The deposit required is the minimum charge and is non-refundable.\* This DOES NOT include any necessary consultant costs for environmental review, specialized studies, financial consulting or any other expert consulting services potentially needed by the County for processing these applications. Monthly draws against the deposit will be made based on staff time and materials needed to process the applications. Staff costs and expenses will be billed at fully burdened weighted labor rates at the time of services rendered. All additional staff time and expenses needed to complete the application processing that exceed the deposit amount will be charged at actual cost, including labor charged at the weighted labor rate.

Invoices will be calculated on a quarterly basis and forwarded to the applicant for balance of payment. If the deposit reaches 20% of the initial deposit or less, the Applicant will be asked to make a subsequent deposit in an amount dependent upon the amount of work left to complete on processing. Applicants will be expected to pay the subsequent deposit within 30 days of invoice date. In the event that the account is not paid within 30 days of the invoice date, processing will be suspended until such time that payment is made. Any remainder will be used to reconcile the final bill. If there is a balance remaining after reconciling the final bill, a refund check will be mailed to applicant. Public hearings will not be scheduled until payment in full is received.

\* Fees may be refunded if the Planning Director, or his appointed designee, determines extraordinary circumstance warranting a refund exists.

(2) Applications for two or more actions (e.g., Tentative Map and Exception) will be charged the highest application fee, except applications for a Lot Line Adjustment or Williamson Act Cancellation. See Exceptions note below. For those applications for two or more actions that include an action that is charged at "actual cost" (e.g., General Plan Amendment, Rezone, & Parcel Map) they will be charged the highest deposit amount as a minimum charge and deposit; this deposit is non-refundable.\* All additional staff time and expenses needed to complete the application processing that exceed the deposit amount will be charged at actual cost, including staff costs to be billed at weighted labor rate per note (1).

Exceptions: If a Lot Line Adjustment is included in a Combination Application, an additional \$695 will be required beyond the set fee or deposit amount in order to obtain a "Certificate of Compliance" from Public Works. Applications for a Williamson Act Cancellation shall pay a separate fee except when combined with an "actual cost" action.

Exceptions: If a Lot Line Adjustment is included in a Combination Application, an additional \$695 will be required beyond the set fee or deposit amount in order to obtain a "Certificate of Compliance" from Public Works. Applications for Williamson Act Cancellation shall pay a separate fee except when combined with an "actual costs" action.

(3) Department of Environmental Resources charges for Tentative Map review reflect a minimum charge of eight hours at a weighted labor rate of ~~\$123.00~~ \$128.00 per hour. Additional time required for Tentative Map review will be charged at the same hourly rate.

(4) A General Plan Maintenance Fee will be charged for every Building Permit of \$1.28 per \$1,000 of improvement valuation. This fee will be collected with other Building Permit fees and will be calculated based on the total valuation of the improvement as determined through the normal Building Permit process.

(5) If your project falls within an Airport Planning Boundary, a separate application and fee will be required for the Airport Land Use Commission (ALUC). You will be required to contact the ALUC and submit an application for review. For information purposes only: Projects are identified by the ALUC as either "Major" or "Minor" and the ALUC has adopted the following project review fees as of November 2005: Major: \$1,200, Minor: \$225. An amendment to the ALUC Plan will be charged as "actual cost" with a deposit and minimum charge the same as a General Plan Amendment and appeal of a staff determination as reflected on the current Planning Fee Schedule. Applicants should check with the ALUC to verify application costs.

(6) Department of Public Works charges for Condition of Approval or Development Standards Modifications, Parcel Maps, and Use Permits reflect a minimum charge of ~~\$485~~ \$520. Additional time required for these request will be charged at ~~\$495~~ \$110 per hour for construction engineering services or ~~\$445~~ \$120 per hour for plan checking/engineering services.

(7) Fees for the Department of Public Works and the Department of Environmental Resources shall only apply when processing of the application(s) require referral to and/or action by the respective departments.

(8) A 1% Administrative Cost Recovery Fee will be charged to Public Works, Department of Environmental Resources, and Clerk of the Board for fees collected during the Land Use Application process.

(9) Deposit reflects a two hour minimum charge calculated annually based on the July 1st average weighted labor rate of planner staff (assistant/associate/senior/deputy director) assigned to performing the work. Actual cost for field inspections/site visits shall include mileage.

(10) Any application which has been inactive for one year or more will be recharged current applicable fees, unless it is determined by the Director that the work performed under the original fee will not need to be revised and/or updated.
