Corr 4 Acknowledged receipt of claims and referred to the CEO-Risk Management Division the following claims: Michael Castillo and Edgar Garcia.

The CEO reported that the House passed a 3-month extension to fund SAFTEA-LU (Federal transportation bill); the Senate must pass the extension as well. The Commerce, Justice, Science appropriation bill includes \$300,000 for the County's Inoperability project but is still going through the process. Orestimba Creek has been approved for \$341,000 in funding. Congressman Cardoza was able to secure funding for the Tuolumne River Regional Park Gateway Trail System in the Federal Highway Administration's Surface Transportation bill. Funding support is still needed in the Senate with Senator Boxer a possible advocate based on her ongoing support of the Tuolumne River Regional Park Gateway Trail System project. At the State, SB 85 (Cogdill), is moving forward with some minor language changes. If this bill is approved, Stanislaus County will receive up to \$200,000, still far less than the \$50 million the County has paid under the negative bailout program.
