# Too Toxic to Trash

# HOUSEHOLD HAZARDOUS WASTE DISPOSAL GUIDE 2010

## Electronic Waste Collection Facility for Stanislaus County

California State Law prohibits disposal of Universal Waste into landfills (such as batteries, electronics, fluorescent lights and items containing mercury)

Stanislaus County residents can take these items to the designated collection center every **Friday and Saturday 9 AM - 1 PM at 1716 Morgan Road in Modesto.**

E-Waste is also accepted at the Fink Road Landfill. Most local garbage collection services accept e-waste, so please contact your local garbage collection service for more information.

Some items which can no longer be placed into the trash include:

- |                       |                           |
|-----------------------|---------------------------|
| <b>Computers</b>      | <b>CPU's</b>              |
| <b>Televisions</b>    | <b>Printers</b>           |
| <b>Radios/Stereos</b> | <b>Fluorescent Tubes</b>  |
| <b>VCR's</b>          | <b>Cell/Mobile Phones</b> |
| <b>DVD Players</b>    | <b>Copy Machines</b>      |
| <b>Fax Machines</b>   | <b>Microwave Ovens</b>    |

E-Waste is not accepted at Mobile Collection Events

Large appliances such as freezers, stoves, dishwashers and air conditioners will not be accepted at the Morgan Road location.

### Do not flush medicine down the toilet or down the drain.

The better solution is to gather them along with any other hazardous materials from your home and periodically take them to our Household Hazardous Waste Collection Facility or the Mobile Collection Events.

## Home-Generated Sharps Waste Disposal

State Senate Bill 1305 prohibits any person from disposing of sharps, needles, syringes, or lancets into trash, recycle or yard waste containers.

All sharps must be disposed of using a rigid, puncture resistant container, that when sealed, is leak resistant and cannot be reopened without great difficulty. Containers such as a coffee can, plastic juice containers or two liter soda bottles, containing lids can be used.

Sharps cannot be accepted loose, in bags or in other soft containers.

### Common methods of disposal:

Mail back service – This service can be purchased and comes with return postage so the customer can fill the container and send it back to the company in the package provided.

### Some mail back service companies:

- STERICYCLE 1-800-355-8773
- SHARPSDISPOSAL.COM 1-800-207-0976
- MEDASEND 1-800-200-3581
- BDDIABETES.COM 1-888-BDCARES

Or you can bring home-generated sharps in a rigid container to the Household Hazardous Waste Collection Facility every **Friday and Saturday from 9AM to 1PM, at 1716 Morgan Road in Modesto.**

## Mercury Thermostats/Thermometers

Stanislaus County residents can now receive a \$5 gift card to The Home Depot provided by Covanta Energy when they drop off a mercury-containing thermostat and/or thermometer to either the Stanislaus County Permanent Household Hazardous Waste Collection Facility, or one of the County's 2010 Mobile Collection Events. By recycling these

items, residents are doing their part to protect the environment by making sure mercury does not end up in the trash. According to the U.S. Department of Energy, installing a programmable, mercury-free digital thermostat can cut a home's energy cost 15-20%.

## Household Hazardous Waste When and where to dispose of!

The Collection Facility is prohibited by State law from accepting more than **125 lbs or 15 gallons of hazardous waste from any resident. (H&SC 25218.5.1.)**

The following wastes will not be accepted at the facility or mobile events. These wastes require special arrangements, a different disposal route or special handling requirements. Call 525-6700 for alternative disposal options.

### UNACCEPTABLE MATERIALS

- No Loads over 125 Pounds
- No Empty Containers
- No Tires
- No Packing Material
- No Business Waste
- No Out of County Waste
- No Commercial AG Chemicals
- No Asbestos
- No Radioactive Waste
- No Welding/Oxygen etc. Cylinders
- No Propane Cylinders larger than 5 gal.
- No Explosives
- No Ammunition
- No Dried Paint (see below)
- No Hardened Concrete (see below)

Empty containers smaller than 5 gallons, dried paint and hardened concrete may be disposed of in a regular garbage can.

Please do not leave materials unattended; State Law prohibits leaving hazardous materials at the Household Hazardous Waste Collection Facility before hours, after hours or when an operator is not present.

### ACCEPTABLE MATERIALS

#### AUTOMOBILE wastes (do not mix)

- Waste Oil
- Oil Filters
- Automobile Batteries
- Waste Antifreeze
- Gasoline - including old or contaminated
- Brake Fluid
- Solvents
- Carburator Cleaner
- Road Flares
