POOL / SPA DAILY MAINTENANCE LOG

California Code of Regulations, Title 22, Section 65523:

- A. The operator of each pool open for use shall keep a daily record of information regarding operation, including reading of disinfectant (e.g., chlorine) residual, pH, and maintenance procedures such as cleaning of filters and quantity of chemicals used.
- B. If cyanuric acid (stabilizer) is added to the pool, the concentration shall be measured a minimum of once per month and records shall be kept of the results.
