5. Click "Get Started" on the prompt.

6. Choose to Continue without LinkedIn

a) We recommend *not linking* your personal LinkedIn account to the County sponsored LinkedIn Learning account. If you do, you may, by default, receive notifications to your county email regarding your personal activity on LinkedIn and its related services. As a result, your potentially private communications may end up in the County's email systems. While these notifications can be turned off, the County is unable to do this for you, and LinkedIn may change their notifications settings. The decision is up to you, but we want you to make an informed decision.
