****PLEASE REVIEW REFERRAL PROCESS POLICY****

The Stanislaus County Department of Planning and Community Development is soliciting comments from responsible agencies under the Early Consultation process to determine: a) whether or not the project is subject to CEQA and b) if specific conditions should be placed upon project approval.

Therefore, please contact this office by the response date if you have any comments pertaining to the proposal. Comments made identifying potential impacts should be as specific as possible and should be based on supporting data (e.g., traffic counts, expected pollutant levels, etc.). Your comments should emphasize potential impacts in areas which your agency has expertise and/or jurisdictional responsibilities.

These comments will assist our Department in preparing a staff report to present to the Planning Commission. Those reports will contain our recommendations for approval or denial. They will also contain recommended conditions to be required should the project be approved. Therefore, please list any conditions that you wish to have included for presentation to the Commission as well as any other comments you may have. Please return all comments and/or conditions as soon as possible or no later than the response date referenced above.

Thank you for your cooperation. Please call (209) 525-6330 if you have any questions.

Applicant: Juan M. Torres
Project Location: 6130 E Service Road, between Mountain View and Tegner Roads, in the Hughson area.
APN: 045-005-047
Williamson Act Contract: N/A
General Plan: Agriculture
Current Zoning: General Agriculture (A-2-40)

Project Description: Request to legalize a truck parking operation on a 2± acre parcel, in the General Agriculture (A-2-40) zoning district. The project site is improved with a 2,116 square-foot single-family dwelling, 1,200 square-foot personal storage building with a restroom for employees, and a 2,400 square-foot shop utilized personal storage. The truck parking operation is proposed to be within an existing .71± acre paved parking area and driveway within the southern portion of the parcel and will include up to 10 truck-tractors and 10 trailers. Lighting consists of three existing light poles within the existing parking area nine feet in height. A six-foot-high chain link fence surrounds the site with an entrance gate recessed 100 feet from E Service Road. Proposed hours of operation are seven days a week 24 hours a day, with up to eight truck trips in one day. The employees will park their personal vehicles in the truck parking spaces. The trucks and tractor

trailers are owned by the property owner and the employees are contracted drivers. The trucks will transport hazardous materials including sulfuric acid, phosphoric acid, potassium hydroxide, sodium hydroxide, and aluminum chloralhydrate. No supply deliveries, loading, or unloading will occur on-site and the trailers on-site will be empty. No maintenance or washing of the trucks or trailers will take place on-site. Up to eight employees will park passenger vehicles on-site while out on long-haul assignments. Most assignments are completed within the same day. No structures will be built as part of the project. Storm drainage will be handled via overland drainage within the parking area which is paved with ground asphalt. The site is served by private well and private septic system.

PROJECT INFORMATION

PROJECT DESCRIPTION: (Describe the project in detail, including physical features of the site, proposed improvements, proposed uses or business, operating hours, number of employees, anticipated customers, etc. – Attach additional sheets as necessary)

***Please note:** A detailed project description is essential to the reviewing process of this request. In order to approve a project, the Planning Commission or the Board of Supervisors must decide whether there is enough information available to be able to make very specific statements about the project. These statements are called "Findings". It is your responsibility as an applicant to provide enough information about the proposed project, so that staff can recommend that the Commission or the Board make the required Findings. Specific project Findings are shown on pages 17 – 19 and can be used as a guide for preparing your project description. (If you are applying for a Variance or Exception, please contact staff to discuss special requirements).
